No rainfall for 37 days is the record of the present drought and if the weather man permits the sun to shine until next Friday, the record for a dry spell in Oregon will be equalled, and if there is just one more day of fair weather, the dry spell record for this time of year will be beaten. The weather record in Portland shows 41 days as the longest dry spell for this time of year. Although there was three-hundredths of an inch of precipitation on October 2, the weather experts do not consider a drought broken unless there is more than five-hundredths of an inch of rainfall. The river is holding at one foot below the low water mark.

According to the rules of the National Rifle association course, a marksman is one who can make a score of 150 out of a possible 200, shooting slow fire 20 times at 200 yards and rapid fire 20 times at 200 yards. A sharpshooter must make a score of 150 out of a possible 200 shooting five shots each from 200 yards and 30 shots in skirmish line advancing from 500 to 200 yards. In this skirmish firing the shooting must be done while in rapid advance as the targets are exposed only 30 seconds.

COURT SAYS SHERIDAN MUST SERVE SENTENCE

Roseburg Banker Loses Case Before U. S. Circuit Court of Appeals

San Francisco, Oct. 16.—The United States circuit court of appeals today affirmed the ruling of the lower court in the case of Thomas R. Sheridan, convicted at Portland, Or., March 30, 1915, of abstracting depositors money from his bank. The opinion was written by Judge Hunt and Judge Gilbert concurred, but Judge Ross filed a dissenting opinion.

His Intent All Right
Portland, Or., Oct. 16.—Thomas R. Sheridan, whose conviction on a charge of abstracting depositors funds was affirmed by the United States circuit court today in San Francisco, was accused by the government of loaning money to which he had no right while president of the First National bank of Roseburg, Or., before it consolidated with the Douglas County National bank.

Sheridan is under sentence of five years in the federal penitentiary at McNeil Island.

It was alleged that he took the inactive accounts of 30 or 40 old people, depositors in his bank, and risked them in various commercial ventures.

According to Assistant United States District Attorney Rankin, much of the cash was invested in two sheep ranches in eastern Oregon. Both projects failed. Sheridan was said to be the controlling factor in both ranches.

Sheridan, according to Rankin, expected to recoup his losses through the sale of timber in an Oregon tract and by the promotion of a real estate scheme in Piedmont near San Francisco. Neither plan materialized.

R. H. Goodhart, government bank examiner, then was called upon to probe the finances of the Roseburg bank. As a result of his inquiry, the department of justice in Washington ordered that Sheridan be prosecuted. Rankin secured an indictment against him and then obtained his conviction by a federal court jury.

Justice Webster, Ford thought that Jarrell was about to leave and forbade him taking anything about the place. In spite of the warning, Jarrell kept on preparing to leave and came to the Ford house last night, when Ford fired at him.

At the meeting of the city council this evening, the street committee will recommend that the city engineer be instructed to prepare plans and specifications for the paving of two blocks on Leslie street, provided the petition presented has been signed by the owners of two-thirds of the property abutting on the street it is proposed to improve.

Orville Baldwin, who has been with the Frank S. Ward drug store for the past year, will leave Sunday to enter the employ of the Blumauer-Frank Drug company, a wholesale house of Portland. He will work in the pharmaceutical department. Mr. Baldwin is a registered pharmacist having passed the state board examinations last January.

Bundle day at the Commercial club last Saturday was a great success as the citizens responded with more than 200 bundles of clothing and shoes. As soon as the contributions have been assorted and fumigated, they will be given out to the needy. The generous response of the people of Salem is duly appreciated by the Salem Social Service Center of the Commercial club.

The Moose will elect officers for the coming year at the meeting to be held tomorrow evening. Nominations were made at a former meeting but as there is no general contest on the probabilities are that Benjamin Brick will be elected to succeed George Frazee, vice dictator; Thomas Barleson, inner guard; and Mr. Jacobs, outer guard. The sergeant-at-arms will be appointed by the dictator.

The junior Artisans are arranging to give an entertainment within a few weeks, under the direction of Mrs. Ella Watt, who organized the lodge in this city and who is now engaged in Portland in junior Artisan work. They will be assisted by the junior Artisan band. Members of both organizations, the Court of Fairs and the Court of Legends will take part in the entertainment.

The Los Angeles Chamber of Commerce is getting a line on what is doing in other cities by sending out a representative, Miss Minta Easterly, who arrived in Salem this morning. She has charge of the visiting bureau of the Los Angeles Chamber of Commerce. Of course, after coming from a country like southern California, Miss Easterly was wonderfully impressed with the natural advantages of this valley, but at the same time considerably depressed when she became convinced that the many good citizens living here did not appreciate the possibilities of a section so favored as that in the vicinity of Salem. Anyhow when she returns to her southern home she will report there are some sections that are especially favored by nature but that the people living in them do not always take advantage of what nature has provided them.

SAY AUSTRIA AS STATE MUST BE DESTROYED

Leader of Italian Cabinet Says This Must Be Done and Germany Curbed

By John H. Hearley
(United Press staff correspondent)
Rome, Oct. 16.—Austria must be destroyed as a state and Germany deprived of every thought of dominating the world before the war can end, Signor Bissolati, civil commissioner for war, socialist leader, soldier and one of the most powerful figures in the Italian cabinet, told the United Press today.

To consent to peace now would be an act of treason on the part of any ally nation, he declared.
"I am convinced that War Secretary Lloyd-George's statement to the United Press and Premier Asquith's words in the house of commons exactly interpret the thoughts and express the firm resolve of all the allies," said the Italian cabinet member.
"The peace to which the whole world aspires after so many horrors and sacrifices must be real and lasting, not a mere truce. Civilization must safeguard itself against attempts similar to the one against which she is now reacting with all her strength. This means that we must create in Europe such conditions as to render it impossible for Germany to resume her criminal designs."
"I, therefore, think that any state or states of the entente who would to day harbor the thought of peace would be guilty of an act of treason. Rather than accept a peace contaminated by the germ of other wars, it would have been better not to embark on the present war at all."

The deadly germ of war can only be killed by destroying Austria as a state and depriving Germany of every illusion of predominance. It is necessary to proclaim this fearlessly and openly as Premier Asquith and Lloyd-George did."
